**DATA COALITION’S MOTION TO ALLOW BRIEF DEMONSTRATION**

DIECA Communications, Inc. d/b/a Covad Communications Company (“Covad”), Broadslate Networks of Tennessee, Inc, (“Broadslate”) and MGC Communications, Inc. d/b/a Mpower Communications Corporation (“Mpower”) (collectively, the “Data Coalition”) respectfully request this Authority to allow their witness, Dean Fassett, to conduct a brief demonstration of load coil removal during the summary of his testimony.

**DISCUSSION**

As the Authority is aware, one of the issues pending in this docket is the proper rates for loop conditioning activities such as removing load coils, bridged taps, and repeaters. In an attempt to explain further the activities of removing load coils as outlined in his testimony, the Data Coalition requests that its witness Dean Fassett be permitted to conduct a brief demonstration for the Authority. This demonstration will take less than 15 minutes and could easily be done as part of Mr. Fassett’s testimony summary. Allowing this demonstration will enable the Authority to understand the tasks associate with this work.

BellSouth would not be prejudiced by this demonstration since Mr. Fassett’s associate, Mr. Riolo, performed the identical presentation at the UNE pricing hearing in Florida as well as at his deposition in the Florida proceeding. BellSouth was obviously in attendance at both the hearing and the deposition and had adequate time to critique the demonstration. Moreover,

BellSouth's witnesses, Daonne Caldwell, Keith Milner, H.B. Greer, and Jerry Latham were also present at the Florida hearing when the demonstration was done.

**CONCLUSION**

We respectfully request that Mr. Fassett be permitted to conduct a 15 minute demonstration during the summary of his testimony.

Dated: November 20, 2000

Respectfully submitted,

**THE DATA COALITION**
